

STUDY BUFFALO PHARMACIST PRESCRIBING FLOW CHART

Helpful Tip: you can only bill when you prescribe under your own name!

Start here!

APA or emergency prescribing

Adaptation for renewal

Renewals technically count as adaptations!

...why are you even using this flow chart?

Therapeutic equivalents are a very grey area. We recommend you assume it means essentially identical, not better (e.g. you can switch between PPIs, but not to a better antibiotic).

Adaptation

Changes permitted without prescribing
